INDEX.

ABBE R., Sarcoma of the kidney, its operative treatment, 58, 92; The string-saw in the treatment of œsophageal stricture, 88; Cocaine anæsthesia in laparotomy, 90; Treatment of elbow fractures, 238; Inflammation of gall-bladder, 246; Aneurismal varix of the hand, 364; Dislocations of the humerus complicated by fracture of the surgical neck, 493; Plastic operation on the hand, 611; Intrauterine amputation, 614; Trephining for epilepsy, 617; Intestinal obstruction following appendicitis, 677; Relations of surgeons to cases of appendicitis, 679.

Abdomen, Stab-wound of the, with multiple wounds of the intestine, 89; Pistol-shot wound of, 90.

Abdominal wounds, Suture of, 730.

Acupuncture in delayed union of fractures, 756.

Aerogenes capsulatus, Bacillus, as a cause of emphysematous gangrene, 187.

ALLIS, O. H., Use of strong carbolic acid in surgery, 695.

American Surgical Association, Programme for 1894, 510.

Anæsthesia, Review of Hewitt on, 383.

Anæsthetics and their consequences in the days immediately following operation, 720; Effect of, on the kidneys, 630.

Anastomosis, Entero-, for malignant intestinal stenosis, 172.

Aneurismal varix of the hand, 364.

Aneurism, Varicose, of the hand, 684.

Aneurisms, Extirpation of, 78.

Angeioma of hand, 364.

Angeiomata of the upper extremity, 684.

Aorta, Abdominal; Mode of controlling the circulation through the, 1.

Appendicitis; Observations on, 4, 146, 327, 475, 546; Specimens of, 498; Surgical thoughts on, 576; Followed by intestinal obstruction, 677, 682; Surgical aspects of, 679.

Appendix Vermiformis, Anatomy of, 5.

Asphyxia, Resuscitation from, by rhythmic traction of the tongue, 719.

BALL, Essentials of bacteriology, Review of, 128.

BARTON, J. M., Operation in pistol-shot wounds of the brain, 695.

BATES, H. E., Case of hæmophilia, with death from hæmorrhage after extraction of a tooth, 603.

BAXTER, G. A., Hypertrophy of the omentum in hernia, 206.

Biliary passages, Operations on, 730.

BINNIE, J. F., Operative treatment of non-microcephalic idiocy, 453.

Bladder and urethra, Genesis of malformations of, 741; Cases of surgery of, 461; Resection of a large portion of the, 506; Rupture of, Operations for, 384; Tuberculosis of, with diverticula, 370.

Bone plates in gastro-enterostomy, 658.

Bone-inflammations, Review of Condamin on, 381.

Bones, Diseases of, in typhoid fever, 748.

Brain-abscess, 542.

Brain, abscess of, Operations for, 723; Tumor, double, Trephining for the relief of pressure, 685; Tumors, Fresh points in the operative treatment of, 724.

Brain localization in epilepsy, Improved method of, 212.
BRIDDON, C. K., Tubercular peritonitis, 85; Exploratory incisions in cases of large ovarian tumors, 97; Dislocation of humerus complicated with fracture of the surgical neck, 496; Lithotomy and prostatectomy after fracture of the spine, 609; Cases of ruptured kidney, 641; Intestinal obstruction following appendicitis, 677.
BROWNING, W. W., Influence of the iliopsoas muscle upon the rotation of the thigh, 223.
BRYANT, J. D., Dislocation of the humerus, complicated by fracture of the surgical neck, 494.

CÆCUM, Cancer of, relieved by ileo-colostomy, 734; Resection of, for sarcoma, 735; Carcinoma of, producing intestinal obstruction, 97.
Carbolic acid, Use of strong, in surgery, 695.
Carcinoma, Inoculability of, 718; Inoperable, treated by salicylic acid injections, 721; Of cæcum, 97; of face, 240; of ileum, 472; of urethra, 461.
Catgut, Sterilization of, by maceration in ether and ether-solution of corrosive sublimate, 591.
Cerebrum, abscess of, Operations for, 723; Tumors of, Fresh points in the operative treatment of, 724.
Chloroform, Influence of, on the kidneys, 719, 720.
Cholecystenterostomy, 731, 733.
Cholecystitis, gangrenous, Case of, 197, 244.
Cholecystotomy, Cases of, 678.
Cinnamic acid in the treatment of tuberculosis, 102.
Cleft palate, Operative treatment of, 248.
Club-foot due to exostosis of fibula, 679; Operative treatment of, 257, 367.
CLUTTON, H. H., Cases of primary intestinal resection for gangrene of bowel from strangulation, 416.
Cocaine anæsthesia in laparotomy, 90.
Collins, J., Effects of erysipelas in carcinoma, 696.
Colon, Malignant stenosis of, relieved by colotomy, 672.
Colotomy for malignant stenosis of sigmoid flexure, 672; Inguinal, 696.
Condamin, Pathogénie des diverses osteites, Review of, 381.
Craniotomy for microcephalus, 502.
Cystitis, Sublimate treatment of, 742.

DANDRIDGE, N. P., Surgical treatment of pulmonary cavities, 129.
DAVIS, G. G., Fracture of the lower jaw, with separation of the genial tubercle, 653.
DEAVER, J. B., Vaginal hysterectomy for cancer, 697.
Debierre, La moelle épinière et l'encéphale, Review of, 765.
Donkin, The diseases of Childhood, Review of, 377.
DOWD, C. N., Dislocation of the humerus complicated by fracture at or near the surgical neck, 399.
DUNN, J. H, Cases of surgery of the urinary bladder, involving suprapubic section, 461.

ELBOW, Ankylosis of, in extension after fracture, 236; Fractures at the, Treatment of, 236, 363; Lacerated wound of, 91: Treatment of ankylosis of, 753.
Emphysematous gangrene of hand, Case of, 187.
Enterectomy, Successful, for traumatic rupture of ileum, 732.
Enterorraphy, Circular, for gangrenous hernia, 647.
Epilepsy, Cessation after trephining and typhoid fever, 616; Trephining for, 544; Improved method of brain localization in, 212.
Epiphyses of the lower extremity, Traumatic separation of, 289,

Epispadias in the male, Treatment of, 111.
Epithelioma, multiple, Case of, 609.
Erysipelas, Effect of, in carcinoma, 696.

FACE, Carcinoma of, deformity after operation relieved by prothetic appliance, 240.
Fallopian tube, Strangulated hernia of, 618.
Femoral artery, Ligation of superficial, hæmorrhage from wound during reaction, 242.
Fibromyoma of uterus, Means of inducing atrophy of, without removal, 756; Removal by morcellement, 758.
Flat-foot, Apparatus for relief of, 691.
FOWLER, G. R., Observations on appendicitis, 4, 146, 327, 475, 546.
Fractures, Acupuncture in delayed union of, 756.
FRANK, J., Tapping of the lateral ventricles, 424.
FRANKS, K., Fibrous stricture of the œsophagus treated by gastrotomy and retrograde dilatation, 385.

GALL-BLADDER, Empyema of, 244; Gangrenous inflammation of, 197, 244; Hour-glass, 371.
Gall-bladder and duct, Operations on, 731.
Gangrene of bowel relieved by intestinal resection, 416.
Gangrenous hernia, subjected to circular enterorrhaphy, 647.
Gasserian ganglion, Removal of, 47.
Gastro-enterostomy, 731; with bone plates, 658.
Gastrostomy by Witzel's method, Later conditions after, 238; for stricture of œsophagus, 385.
Genial tubercle, Separation of, complicating fracture of the lower jaw, 653.
German Surgical Society, Programme for 1894, 511.
GERSTER, A. G., Exploratory laparotomy after abdominal wounds, 91; Transverse incision in renal operations, 94; Enormous tumor of the ovary, 95; Treatment of elbow fractures, 237; Hæmorrhage during reaction in a wound made for ligation of the superficial femoral artery, 242; Empyema of gall-bladder, 244; Arterio-venous angeioma, 365; Plastic operation on the hand, 611; Torsion for the cure of rectal incontinence, 612; Hypertrophy of tibia, 616; Trephining for epilepsy, 617; Removal of appendix after incision of appendical abscesses, 679; Intestinal obstruction after excision of gangrenous appendix, 682; Treatment of angeiomata of the extremities, 685.
GIBNEY, V. P., Club-foot due to exostosis of fibula, 679; Operative treatment of club-foot, 367.
GRAFF, H., New method of closing the canal in radical operations for hernia, 586.
GRANT, H. H., Operations for rupture of the bladder, 384.

HADRA, B. E., Improved method of brain localization in epilepsy, 212.
Hæmophilia, with death from hæmorrhage after extraction of a tooth, 603.
Hand, Aneurismal varix of, 364; Plastic operation on, 611.
HARTLEY, F., Operative treatment of club-foot, 257, 367.
Head injuries, Contribution to the study of, 539.
Hernia, complicated by hypertrophied omentum, 206; Halsted's method for the radical cure of, 363; Gangrenous, subjected to circular enterorrhaphy, 647; of Fallopian tube, Strangulated, 618; New method of closing the canal in radical operations for, 586; Gangrenous, Cases of, subjected to circular enterorrhaphy, 647; Removal of testicle in operations for, 697; of the umbilical cord, 737; Congenital umbilical, relieved by operation soon after birth, 737; Retroperitoneal, recent contributions to the literature, of 738; Strangulated, mortality of operations for relief of, in London hospitals, 739.

Hewitt on anæsthesia, Review of, 383.
HOEGH, K., Gastro-enterostomy with bone plates, 658.
HOLDEN, F. C., Sterilization of catgut by maceration in ether and ether-solution of corrosive sublimate, 591.
HOMANS, J., Malignant stenosis of colon, with enormous collection of stones above stricture, relieved by colotomy, 672.
HOTCHKISS, L. W., Gangrenous cholecystitis, 197.
Humerus, Compound intercondyloid fracture of, 363; Dislocation of, complicated by fracture at the surgical neck, 399, 493; Sarcoma of, Value of extirpation of the shoulder for, 709.
Hydrocele, New methods of treating, 745.
Hydronephrosis and nephrectomy, 497.
Hypospadias, Treatment of, 111.
Hysterectomy for carcinoma by combined abdominal and vaginal dissection, 125; Vaginal, for cancer, 697; Abdominal, 696; by morcellement per vaginam, 758.

IDIOCY, non-microcephalic, Operative treatment of, 453.
Ileum, Traumatic rupture of, relieved by enterectomy, 732.
Ilio-psoas muscle, Influence of, upon the rotation of the thigh, 223.
Intestinal obstruction from carcinoma of cæcum, 97; from carcinoma of colon, 672; from carcinoma relieved by anastomosis, 472; Resection for gangrene from strangulation, 416; Obstruction following appendicitis, 677, 682.
Intestine, malignant stenosis of, Entero-anastomosis for, 172; Multiple stab-wounds of, 89.
Intracranial neurectomy, Cases of, 725.
Intrauterine amputation, Case of, 614.
Ischias scoliotica, 751.

JAW, Fracture of lower, with separation of the genial tubercle, 653; Sarcoma of upper, removed without recurrence, 688.
Johns Hopkins's hospital reports; Review of report II on gynæcology, 633.
JOHNSON, R. W., Strangulation of testicle from twist of the spermatic cord, 530.

KAMMERER, F. W., Mammary cysts in males, 87; Sarcoma of kidney, 93; Intestinal obstruction from carcinoma of cæcum, 97; Operations for total prolapse of uterus and rectum, 240; Case of hydronephrosis and nephrectomy, 497; Osteoplastic resection of sacrum as a preliminary to resection of rectum, 677; Double trephining for relief of pressure from brain tumor, 685; Splenectomy, 688.
KEEN, W. W., Washing out bladder after renal colic, 691; Gunshot-wound of the optic nerve, 693.
KELLY, H. A., Uretero-ureteral anastomosis, 70; Improved lock for paired instruments, 231.
Kidney, Effect of anæsthetics upon the, 630; Operative treatment of sarcoma of, 58; Cases of ruptured, 641; Extirpation of, 98, 497; Influence of chloroform on, 719, 720.
Knee-joint, tubercular osteitis of, Final results of, 503.

LAMINECTOMY for fracture of vertebræ, 661, 664.
